"No Waste, No Retreat" Aid Bill Is Urged

By DONALD MAY
WASHINGTON (UPI) — President Johnson asked Congress today for a "no waste, no retreat" foreign aid program of \$3.4 billion. He pro-

posed to speed up efforts to put recipient nations on a self-supporting basis.

It was the smallest foreign aid request since the program was started in 1948. Johnson, aware of the growing tendency in Congress to cut foreign aid funds, warned the lawmakers against slashing his request.

"We will be laying up a harvest of woe for us and our children if we shrink from the task of grappling in the world community with poverty and ignorance," he said in a special message.

But the initial reaction in Congress was that the proposed program would be cut anyway. Rep. Otto E. Passman, D-La., chief House critic of foreign aid, said he was sure there was "plenty of fat in it" and Senate GOP Leader Everett M. Dirksen, Ill., predicted it would be cut.

The President requested new legislation to permit the foreign aid agency—known as the Agency for International Development AID—to cut deadweight from its staff. He also announced plans to appoint a new committee of "distinguished private citizens" to keep a continuing eye on aid programs and advise him on policy.

Johnson said "waste or inefficiency or extravagance" in the aid program could not be tolerated, but it was "equally repugnant to our national interest to retreat from our obligations and commitments while freedom remains under siege."

The President set the foreign aid request for the fiscal year beginning next July 1 at \$3.4 billion, made up of \$1 billion military assistance and \$2.4 billion economic aid.

He emphasized that this was more than \$1 billion less than the late President John F. Kennedy requested for this year and only slightly more than the \$3 billion Congress actually voted.

Justifying his request, Johnson said: "We wish to build a world in which the weak can walk without aid and in which even the smallest nation can work out its own destiny without the danger of violence and aggression."

Contributions of \$191.00 boosted the Easter Seal today to \$668.50.

The drive will continue through March.

A \$25.00 contribution from Lynhurst Resort gave impetus to the drive which is collecting funds for the Kentucky Crippled Children's Society. Children from all over the state may be treated at one of the centers operated by the society.

Last year twelve children from Calloway County received treatment.

John Mack Carter Will Make Address

ATHENS, Ohio — John Mack Carter, editor of McCall's and one of "America's Ten Outstanding Young Men of 1963," will be speaker at the final session of the High School Publications Workshop at Ohio University June 26.

The U. S. Junior Chamber of Commerce recently selected Mr. Carter for the TOYM trophy from a list of 200 "outstanding young men." Look magazine, in a 2-page feature on the awards, listed among past winners: John F. Kennedy, Richard M. Nixon, Nelson A. Rockefeller, Henry Ford II, Leonard Bernstein, Dr. Tom Dooley and Bill Mauldin.

Editor Carter is coming to Athens as a long-time friend and student of Dr. L. J. Horton, director of the Ohio University School of Journalism and of the workshop. Born in Murray, Ky., Mr. Carter attended Murray State College. He received the master's degree in journalism from the University of Missouri, where he was a recipient of the Walter Williams Award for magazine article writing.

He has been editor of American Home magazine, executive editor of Together, editor of Household, and assistant editor of Better Homes & Gardens. Mr. Carter served as an officer in the U. S. Navy and is a member of the University Club, the Overseas Press Club, the Deadline Club, and Sigma Delta Chi.

Look magazine says Mr. Carter has the job of deciding "what 8-20,000 women will read in McCall's. His biggest problem and greatest pleasure is the rising level of sophistication and interest in world affairs shown by the women of America."

His "commencement" address at the Ohio University workshop will be followed by the awarding of certificates of "graduation" to the 2,000 high school editors and advisers in attendance. Three news-papers prepared by the workshop during the 6-day session, June 21-27, will be distributed at the end of the program.

Ward Defends Installation Of "Own" Elevator

FRANKFORT, Ky. (UPI) — State Highway Commissioner Henry Ward today defended the installation of a private elevator in the state Department of Highways, and declared, "The very idea of the legislature wasting its time and mine quibbling over a \$2,000 expenditure is ridiculous."

Ward told a public hearing in the Senate that the shaft for the elevator was put in the original building in 1937 and the elevator from the basement to the 11th floor installed in 1945 when it was planned to have the governor's office in a penthouse suite on the 11th floor.

The commissioner said W. B. Stamper, a career employee of the department described by Ward as an efficiency expert, suggested that a door be cut from the elevator to Ward's office on the ninth floor.

"It was his idea, not mine," Ward asserted.

"My job requires me to do a lot of moving from one floor to another and he felt this would be a good way of making me more efficient," he added. "This elevator is not just for my exclusive use. Other authorized people have keys to it."

Ward accused some Republican legislators of stooping to petty politics with the elevator charge.

Last Day Of Winter Starts With A Bang

By United Press International

The last day of winter started with a bang today when 75 mile-an-hour winds raked the Gulf Coast of Texas, and a Great Plains storm piled snow 3 inches deep across the Dakotas.

Fourteen persons were reported injured when tornado winds sliced through a trailer court in the Beaumont, Tex., suburb of Nederland. Five house trailers were destroyed.

Trees and sheds were ripped apart by the strong winds. There were also reports of damage at Houston, where high winds screamed through the Southern Bible College and a brick yard.

The Coast Guard at Sabine, Tex., reported 75 mile an hour winds while hail battered Port Neches.

Heavy rains drenched southern Texas through the night. Thunderstorms grumbled eastward into the Midwest and stockman's warnings were posted from Montana to Nebraska. Heavy snow and blizzard conditions prevailed through the Dakotas.

The stormy weather steered clear of the Atlantic Seaboard and the Pacific Coast. The seaboards were expected to make their return today to the historic mission San Juan Capistrano in Southern California.

The Federal Bureau said the weather bureau said the eligibility and federal assistance needed can be forwarded to the district Office of Emergency Planning.

Controversy Between Authorities Boils

BENTON, Ky. (UPI) — The controversy between state fish and game authorities and Marshall County courts over regulation of fishing and boating below Kentucky Dam continued to boil today in the wake of an opinion by state Atty. Gen. Robert Matthews.

The opinion appeared to contradict a directed verdict of acquittal handed down by Marshall County Judge John H. Rayburn Feb. 18 in the case of seven fishermen cited by state game wardens for fishing within 700 feet of the dam.

The fishermen argued that no markers existed to define the restricted area.

The attorney general also has filed an appeal from a ruling by

WARD DECLARES . . .

(Continued From Page 1)
Johnson, Alexandria, Ward said the cost of the elevator was \$3,104 including "repairs to make the elevator more workable."
As for an attack made against Ward in the Senate Wednesday by Sen. J. D. Jiggs Buckman, D-Shelbournsville, Ward said:
"He accused me of putting in the elevator because I wanted to avoid job-seekers."
"Well, I want him to know I'm not afraid to face anybody, including Senator Buckman. And I notice he's not here today."
Buckman had urged Ward to resign if he was afraid to face the public.
Ward's reply today was, "I will not resign, Governor Edward Breathitt can fire me if he wants to because that's the only way I'll leave this office. I'm interested in what I can do in bringing progress to this state and I'm not going to resign just because Senator Buckman wants me to."
Ward said he knew why Buckman launched the trade against him. "I have correspondence from Senator Buckman's law office showing that he represented a contractor, S. J. Groves and Sons, with a claim of \$200,000 against the highway department."
"I refused to honor that claim. I told him if he wanted relief, he ought to get a resolution adopted by the legislature allowing him to sue the state."
The Senate voted to abolish the sovereign immunity law, which has been in force since Kentucky achieved statehood. The law makes the commonwealth immune from law suits alleging breach of contract unless the General Assembly passes a resolution permitting a contractor to sue.
Ward took about an hour to present his side of the controversy.

Dear Abby . . .

Need You Ask?

Abigail Van Buren

DEAR ABBY: I am 49 and have been going with a 51-year old man for the past two years. He has been wonderful to me. He takes me to nice places and buys me lovely things. He asked to marry me, so I took him over to meet my son and daughter-in-law one evening. Well, it seems my daughter-in-law became interested in him (she is 28) and I was told that she called him up and invited him over when her husband wasn't home. My son travels three days a week, so she has a clear field. I notice when my son is out of town, his wife is never home and I can't find my friend, either. He takes me out only when she can't go. They have three little children. Abby, and now I feel guilty for taking him over there. Although she ran after him, if my son finds out he will half-kill my friend. I need this man because we had plans of marriage. What should I do?

HAS TROUBLES
DEAR HAS: Drop your friend, and tell him why. He'll undoubtedly pass the word on to your daughter-in-law and it might scare some sense into them. A woman with a two-timing friend doesn't know what trouble is until she has a two-timing husband.

DEAR ABBY: This is being written by FOUR women who are all in agreement on a neighborhood problem. There is a young, widowed woman in our neighborhood who is very well proportioned. She strings a clothesline across her front porch. It is very embarrassing to see her flimsy nightgowns and all the underthings that women wear flapping in the breeze. What do you suppose she is advertising?

FOUR DISGUSTED NEIGHBORS
DEAR DISGUSTED: She is "ad-

Lottie Moon GAS
Of Flint Church
Hold Regular Meet

The Lottie Moon Intermediate Girls' Auxiliary held its regular meeting at the Flint Baptist Church on Wednesday, March 11.

Janice Rickman, president, called the meeting order and asked Diane Beale to lead in prayer.

The opening was conducted by Janice Rickman and Shirley Miller led in singing the GA song, "We've A Story To Tell". During the business session it was voted that all the offerings be given to the work of prayer.

Mary Beth Beale, program chairman, opened the program with a devotion. The program was entitled "Look—Care—Pray" and concerned material on the Baptist Home Missions.

Those participating in the program were Connie Hopkins, Mary Beth Beale, Norma Bennett, Marie Pennel, Diane Beale, Jo Bennett, and Shirley Miller.

Mrs. Lila Miller gave the counselor's comments and the meeting was adjourned with prayer.

Verifying the fact that she has no clothes dryer. Neither has she a man to set up a clothesline in her back yard.

DEAR ABBY: I can understand how one of those store-bought "ACCEPT MY SYMPATHY" cards would be acknowledged with an equally impersonal printed one stating, "The family of — wishes to thank you." But, Abby, when a person goes to the trouble to write an expression of sympathy in his own hand, don't you think he is deserving of a personal "thank you" note?

JUST WONDERING.

DEAR JUST: Yes. But I am in the minority. I am amazed at the number of supposedly well-bred people who do not know that one original, hand-written sentence is more meaningful and in better taste than the most elaborately printed or engraved message.

CONFIDENTIAL TO "RELIEF." The letter to which you refer could not have concerned your husband. It did not come from any of the cities you mentioned.

Murray State Kicks Off The Baseball Season Today With Delta State; 31 Games Are Set

Murray State's baseball team will kickoff the spring sport season for the thoroughbred teams today when they meet Delta State in the first game of a three-game series at Cleveland, Mississippi.

The game will launch a 31-game schedule for the Racers, who were co-champions of the Ohio Valley Conference last season.

Back from last year's team, which compiled the finest baseball record in Murray's history, are five front-line players and all the pitching staff but one. Last year's Racers won 27 games while losing 4, were 11-0 in OVC regular-season play, split an abbreviated playoff for the title with Morehead, 1-1, and put together a 21-game winning streak over such teams as Northwestern, Indiana, Memphis State, and the Western Division members of the OVC.

Heading the list of returnees from last year are George Dugan, the nation's No. 1 pitcher and infielder Ron Anderson, the club's leading hitter who ranked 23rd in the nation in slugging.

Dugan's 9-0 record was the best in the country last season, and he earned run average of .09 was second best. His strikeout record was 11th best. Anderson, who has been switched from 3rd base to short this season, had a batting average of .341 and a slugging average of .662. The combined Racers pitching staff ranked 16th nationally.

Coach Johnny Reagan, who has won or shared the OVC crown 4 of his 6 years at Murray, says that he expects his pitching and hitting to be at least as good as last year, but that his defense (7th in the nation last season) to be somewhat weaker, primarily because of lack of speed.

"We're only returning one of last year's infielders," Reagan said, "and players such as Gary Kershner, Jimmy Orr, Jimmy Peck, and Russ Whitington are hard to replace. However, I think that by mid-season our defense will be showing much improvement."

Work To Get Ford Cobra In Condition

SEBRING, Fla. (AP) — Mechanics worked today to repair the badly smashed front end of a prototype Ford-powered Cobra in time to run it in qualifying trials today which will determine starting positions for Sebring's 12-hour sports car race on Saturday.

The Cobra, a main U.S. hope for ending the reign of Italy's Ferraris in this top American sports car race, and top car of the Carroll Shelby-entered Cobra team, spun off the track Wednesday and into a tree.

Ken Miles, Cobra's No. 1 driver and team manager, was not injured. He said he "mis-judged the car's speed" going through the formidable 8-turns of the 5.2-mile airport track. Shelby plans to run his Cobras in France's 24-hour Le Mans race for the first time if they endure well in Sebring's big grind.

It was a Lotus Elan entered by the Stirling Moss racing team which drew the attention in the first day of practice Wednesday by turning the course in 3:22.8, 11 seconds off the record set last year in the winning Ferrari.

Covington Downs Clark County 73-57

By BOB WESTON
United Press International
LEXINGTON, Ky. (AP) — Covington Grant's fast break, operated by George Stone and Willie Hinton, overwhelmed Clark County 73-57 today in the first round of the Kentucky State High School Basketball Tournament.

Clark County, struggling against a cold-shooting spell and unable to control the boards, still managed to close the gap to 32-31 early in the third period after trailing 29-25 at halftime, but Stone and Hinton quickly fired Grant into a 48-34 margin as the final period commenced.

Doug Oliver made a valiant effort to keep the Cardinals in the running and meshed 25 points — one less than Stone tallied for the winners. But Stone got a 21-point assist from Hinton, and Robert Storms also came through with 13 for the northern Kentucky team.

Grant thus advanced to the quarter-final round, where it will play Friday afternoon against the winner of this morning's second game, defending state champion Seneca.

Clark County's shooting fell apart in the final period, partly because of a Hazard press, and that led to the Cardinals' downfall. Bobby Jenkins scored 23 points for Oldham County and generally kept the Cardinals in the running until the final four minutes.

The big show, however, unquestionably was Jimmy Rose, who had many of the fans comparing him with former Louisville Seneca star Mike Reed, both in appearance and ability.

Bourbon County blew a 13-point second-period lead only to rally in the closing minutes and finally win it with the help of a three-point play by Jim LeMaster.

East Hardin kept chipping away at Bourbon County's 28-23 lead and finally overtook the Cardinals at 57-56 in the final period on a layup by W. A. Priddy.

Bourbon County surged ahead again as Jim Tipton staged a seven-point outburst, but the score was tied 66-66 and when Tipton took a pass from LeMaster for a bucket

Seneca Goes Into Semis Over Harlan

By BOB WESTON
United Press International
LEXINGTON (AP) — The combined firepower of defending state champion Seneca's Westley Unsell and Larry Trunnell was much more than Harlan could handle today as the Redskins blasted out a 63-36 victory in the first round of the Kentucky State High School Basketball tournament.

The easy triumph moved Seneca into a Friday afternoon semifinal match with Covington Grant, a 73-57 winner over Clark County in this morning's first game.

Unsell scored the first basket of the Seneca-Harlan game and by the end of the first half he had 17 points — and Seneca had a 37-20 lead. That was about all there was to it.

The powerful 6' 8" center completely dominated the boards and although he scored little in the second half, had a total of 23 points when he retired from action midway in the fourth period.

Trunnell wound up with 16 points, 10 of them in the first half while Charles Tabb with 12 and Charles Rutledge with 11 were high for the overpowered Green Dragons.

was underpaid."

And that statement ended this salary confab?

Joltin' Joe's holdout days ended when Topping became club president.

"He called me in and gave me a raise of \$31,500," said the Yankee Clipper in some awe. "That raised me to \$75,000 in 1948. The next three years he paid me \$100,000 a year."

Turned Down Bonus

DIMag could have had more than that, he revealed. Topping offered him a \$90,000 salary with an attendance bonus which would have returned DIMag \$125,000.

"But I wanted to be the first \$100,000 player," DIMag reminisced. He earned that sum for three years and then in the spring of 1952 turned down another \$100,000 contract in his "man-to-man" dealings with Topping," by passing General Manager George Weiss completely.

"I decided after Barrow I'd work only with the top," Joe said. So it was understood that my salary was between Topping and me. And he had been so great to me that I felt I'd be a fraud to take another \$100,000 from him when I couldn't pay 'All I can say is that Lou Gehrig off. So I retired.

Sports Parade

By OSCAR FRALEY
United Press International
FORT LAUDERDALE, Fla. (AP) — Joe DIMagio sympathized — unofficially — today with young Jim Bouton.

The 24-year old Yankee right-hander thinks that his 21 victories last year should have doubled his salary to \$200,000. The Yankees have offered \$18,000 and if he doesn't sign by midnight Wednesday it'll cost him \$100 a day off of what has been offered.

DIMagio, his hair a shade whiter than iron gray and the 50 years he will have lived come November drawing faint lines on his face, knows what Bouton is going through.

Back when DIMag was 21 he joined the Yankees for \$8,500. They raised him to \$15,000 the second year and he batted .346 while leading the league with 151 runs and 46 homers.

"The next season they offered me \$25,000 and I figured I was worth more," DIMagio remembered with a grin. "I held out the whole spring training season and finally signed for what they offered. But they docked me for the two weeks and five days I lost and told me I wouldn't be paid until I started playing. I got in shape in three days and that was no bunk because I hit .500 the first three weeks I played."

Cost \$1,500

"But the holdout," he sighed, tilting his cap over his eyes, cost me \$1,500 on a pro rata basis."

Even so, DIMag recalled, he was an almost annual holdout until Dan Topping took over as a Yankee owner.

"That Ed Barrow, he was the toughest man in the world to deal with," said Joe. "I remember when I finally got up to the point where I was asking for \$45,000. Barrow's gruff voice said to me, 'do you know that Lou Gehrig never made more than \$41,000 after playing 13 years for this club? And what do you think of that, Mr. DIMagio?'"

Joe stared Barrow right in the eye and replied:

"All I can say is that Lou Gehrig off. So I retired.

Today Is Long Thursday With Six Ball Games On Schedule

By BOB WESTON
United Press International
LEXINGTON, Ky. (AP) — It was Long Thursday at the state High School Basketball Tournament today with six games scheduled in morning, afternoon and evening sessions, and 12 teams battling for quarter-final berths already won by Hazard and Bourbon County.

Everything came up Roses — and especially Jimmy Rose — for Hazard in the opening session Wednesday night as the Bulldogs whipped Oldham County, 73-50, in the first game and Bourbon County edged East Hardin, 73-69, in the second contest.

An overflow crowd of 12,000 at Memorial Coliseum saw one of the most sensational performances ever put on in the state tournament by a freshman when 16-year old Jimmy Rose poured in 33 points, leading Hazard to its 17th consecutive victory.

Oldham County led much of the way and still clung to a 56-55 lead with 4:26 to play when Rose exploded, hitting 10 of 11 Hazard points while the Cardinals were netting only three for a 66-58 margin.

Chester Helps, Too

Rose's cousin, Chester, contributed 18 points to the Hazard attack, as did Joe Davis, who netted four free throws in the final minute of play.

Oldham County's shooting fell apart in the final period, partly because of a Hazard press, and that led to the Cardinals' downfall. Bobby Jenkins scored 23 points for Oldham County and generally kept the Cardinals in the running until the final four minutes.

The big show, however, unquestionably was Jimmy Rose, who had many of the fans comparing him with former Louisville Seneca star Mike Reed, both in appearance and ability.

Bourbon County blew a 13-point second-period lead only to rally in the closing minutes and finally win it with the help of a three-point play by Jim LeMaster.

East Hardin kept chipping away at Bourbon County's 28-23 lead and finally overtook the Cardinals at 57-56 in the final period on a layup by W. A. Priddy.

Bourbon County surged ahead again as Jim Tipton staged a seven-point outburst, but the score was tied 66-66 and when Tipton took a pass from LeMaster for a bucket

Little Hope Is Seen For Itchiness

By DELOS SMITH
UPI Science Editor

NEW YORK (AP) — A newly written "natural history" of the itchy skin disease which is connected somehow with allergies, although medical science doesn't know just how, offered little hope to its many victims. And it only accentuated its mysteries.

Its average duration among long-term victims who provided facts for this "natural history" was about 30 years. The longest single duration among them was 63 years. The disease is "atopic dermatitis." It is an on-and-off itchiness and is believed due to deep-down allergic reactions.

Family Background

Among the new historical victims 56 per cent were also given to asthma, hay fever, hives, migraine headaches, and allergic rhinitis which is a runny nose not caused by the common cold. All this emphasized its connections to the generalized allergic state called "atopy." In 66 per cent there was a family background of atopy. On the other hand the attacks of itchiness were brought on most frequently by nervous tension and fatigue in 80 per cent. This gave some support to a psychiatric theory that it has some connection with unconscious emotional conflicts.

Furthermore, many of the victims found relaxation and release of tension the most effective remedy. But avoiding the substances to

PEOPLES BANK
of

which they were allergic was also effective.

The history-takers were Drs. Harry L. Roth and Robert R. Kierland of the Mayo Clinic and Foundation of Rochester, Minn. Toy reported to a technical organ of the American Medical Association.

Question 492 Persons
They questioned 492 persons who were treated for atopic dermatitis in the Mayo Clinic 20 years ago to find out how they had fared meanwhile. They were divided between "severe" cases this no-disease-now rate was 29 per cent.

Cataracts and pneumonia sometimes are associated with atopic dermatitis. Roth and Kierland found the rate that could be expected was 4 per cent for the "mild" and 13 per cent for the "severe" as regards cataracts and 13 per cent for pneumonia.
